Notes to the financial statements For the year ended 30 June 2023

#### 1. Introduction

The financial report covers Sapphire Coast Turf Club Ltd as an individual entity. Sapphire Coast Turf Club Ltd is a not-for-profit Company limited by guarantee, incorporated and domiciled in Australia. The company was incorporated on 28 September 2020 (# 642 528 283). The Company was formerly an Incorporated Association (#Y2106502) which was incorporated on 17 January 1955. It is registered with the Australian Business Register (Australian Business Number 21 575 469 350) and is registered for Goods & Services Tax purposes. The registered office and principal place of business of the company is 1659 Sapphire Coast Drive, Kalaru, NSW, 2550.

The functional and presentation currency of Sapphire Coast Turf Club Ltd is Australian dollars.

Comparatives are consistent with prior years, unless otherwise stated.

#### 2. Basis of preparation

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Australian Accounting Standards - Simplified Disclosures and the *Corporations Act 2001*.

The Company has adopted AASB 1060 General Purpose Financial Statements - Simplified Disclosure for the first time in these statements. Previously the Company prepared statements in accordance with Australian Accounting Standards - Reduced Disclosure Requirements. The change has no impact on the recognition and measurement of amounts in the financial statements. Some disclosures have been added or amended in line with the requirements of AASB 1060.

#### 3. Summary of significant accounting policies

#### a. Revenue and other income

#### i. Revenue from contracts with customers

The core principle of AASB 15 is that revenue is recognised on a basis that reflects the transfer of promised goods or services to customers at an amount that reflects the consideration the Company expects to receive in exchange for those goods or services.

Generally, the timing of the payment for sale of goods and rendering of services corresponds closely to the timing of satisfaction of the performance obligations, however where there is a difference, it will result in the recognition of a receivable, contract asset or contract liability.

None of the revenue streams of the Company have any significant financing terms as there is less than 12 months between receipt of funds and satisfaction of performance obligations.

**Notes to the financial statements**For the year ended 30 June 2023

#### ii. Specific revenue streams

The revenue recognition policies for the principal revenue streams of the Company are:

#### Racing New South Wales (NSW) income

The main revenue stream of the Company is the Scheme of Distribution and other payments received from Racing NSW. These are recognised in the period that they relate to as per the statements received from Racing NSW.

#### Race day revenue

Race day revenue is recognised upon receipt.

#### Membership and sponsorship income

Membership income is received in advance for the period of membership paid for. Sponsorship income can be received in advance for varying periods. A liability is booked for membership and sponsorship income received in advance with the income spread over the period paid for.

#### Grant revenue

Grants are recognised at fair value where there is reasonable assurance that the grant will be received and all grant conditions will be met. Grants relating to expense items are recognised as income over the periods necessary to match the grant to the costs they are compensating. Amounts arising from grants in the scope of AASB 1058 are recognised at the assets fair value when the asset is received. The company considers whether there are any related liability or equity items associated with the asset which are recognised in accordance with the relevant accounting standard. Once the assets and liabilities have been recognised then income is recognised for any remaining asset value at the time that the asset is received.

#### Other income

Other income is recognised on an accruals basis when the Company is entitled to it.

#### b. Income tax

The Company is a Not-for-Profit Entity with a main objective the promotion and providing facilities for the sport of horse racing at the Sapphire Coast Turf Club. The Board has reviewed its income tax status and have assessed the Company to be exempt from income tax under section 50-45 of the Income Tax Assessment Act, 1997 (Cth). Consequently, no provision for taxation has been made in the financial statements.

#### c. Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST.

Cash flows in the Statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

Notes to the financial statements For the year ended 30 June 2023

#### d. Inventories

Inventories are measured at the lower of cost and net realisable value.

#### e. Property, plant and equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment.

Items of property, plant and equipment acquired for significantly less than fair value have been recorded at the acquisition date fair value.

#### i. Land and buildings

Land and buildings are measured using the cost model.

#### ii. Plant and equipment

Plant and equipment are measured using the cost model.

#### iii. Depreciation

Property, plant and equipment, excluding freehold land, is depreciated on a reducing balance basis over the asset's useful life to the Company, commencing when the asset is ready for use.

The depreciation rates used for each class of depreciable asset are shown below:

Fixed asset class	Depreciation rate
Buildings	2-5 - 10%
Plant and equipment	7.5 to 33%

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

#### f. Financial instruments

Financial instruments are recognised initially on the date that the Company becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

Notes to the financial statements For the year ended 30 June 2023

#### i. Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

#### Classification

On initial recognition, the Company classifies its financial assets into the following categories, those measured at:

- amortised cost
- fair value through profit or loss FVTPL
- fair value through other comprehensive income equity instrument (FVOCI equity)
- fair value through other comprehensive income debt investments (FVOCI debt)

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets.

#### Amortised cost

The Company's financial assets measured at amortised cost comprise trade and other receivables and cash and cash equivalents in the statement of financial position. Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment. Interest income is recognised in profit or loss.

#### Impairment of financial assets

Impairment of financial assets is recognised on an expected credit loss (ECL) basis for financial assets measured at amortised cost. When determining whether the credit risk of a financial assets has increased significant since initial recognition and when estimating ECL, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the Company's historical experience and informed credit assessment and including forward looking information. The Company uses the presumption that an asset which is more than 30 days past due has seen a significant increase in credit risk. The Company uses the presumption that a financial asset is in default when the other party is unlikely to pay its credit obligations to the Company in full, without recourse to the Company to actions such as realising security (if any is held). Credit losses are measured as the present value of the difference between the cash flows due to the Company in accordance with the contract and the cash flows expected to be received. This is applied using a probability weighted approach.

Notes to the financial statements For the year ended 30 June 2023

#### Trade receivables and contract assets

Impairment of trade receivables and contract assets have been determined using the simplified approach in AASB 9 which uses an estimation of lifetime expected credit losses. The Company has determined the probability of non-payment of the receivable and contract asset and multiplied this by the amount of the expected loss arising from default. The amount of the impairment is recorded in a separate allowance account with the loss being recognised in finance expense. Once the receivable is determined to be uncollectable then the gross carrying amount is written off against the associated allowance. Where the Company renegotiates the terms of trade receivables due from certain customers, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in profit or loss.

#### Other financial assets measured at amortised cost

Impairment of other financial assets measured at amortised cost are determined using the expected credit loss model in AASB 9. On initial recognition of the asset, an estimate of the expected credit losses for the next 12 months is recognised. Where the asset has experienced significant increase in credit risk then the lifetime losses are estimated and recognised.

#### ii. Financial liabilities

The Company measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method. The financial liabilities of the Company comprise of trade payables.

#### g. Cash and cash equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

#### h. Employee benefits

Provision is made for the Company's liability for employee benefits, those benefits that are expected to be wholly settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs.

#### i. Economic dependence

Sapphire Coast Turf Club Ltd is dependent on support from Racing NSW for the majority of its revenue used to operate the business. At the date of this report the directors have no reason to believe the Racing NSW will not continue to support Sapphire Coast Turf Club Ltd.

Notes to the financial statements For the year ended 30 June 2023

#### 4. Critical accounting estimates and judgements

The directors make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below.

#### a. Key estimates - receivables

The receivables at reporting date have been reviewed to determine whether there is any objective evidence that any of the receivables are impaired. An impairment provision is included for any receivable where the entire balance is not considered collectible. The impairment provision is based on the best information at the reporting date.

# Independent Audit Report to the members of Sapphire Coast Turf Club Ltd

#### Report on the Audit of the Financial Report

#### Opinion

We have audited the financial report of Sapphire Coast Turf Club Ltd (the Company), which comprises the statement of financial position as at 30 June 2023, the statement of income and retained earnings and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Company is in accordance with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of the Company's financial position as at 30 June 2023 and of its financial performance for the year ended; and
- (ii) complying with Australian Accounting Standards Simplified Disclosures and the *Corporations Regulations* 2001.

#### **Basis for Opinion**

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Responsibilities of Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards - Simplified Disclosures and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

#### Other Information

The directors are responsible for the other information. The other information obtained at the date of this auditor's report is included in the annual report, (but does not include the financial report and our auditor's report thereon). Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon. In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: <a href="https://www.auasb.gov.au/auditors">https://www.auasb.gov.au/auditors</a> responsibilities/ar4.pdf. This description forms part of our auditor's report.
